

Mahel Magicien

"Paris children's magician and ventriloquist"

Based in Montigny-lès-Cormeilles | Close-Up Magic | Corporate Events | Kids & Family

Biography

Mahel Magicien performs for children and adults alike, moving between young-audience shows, children's magic, close-up and ventriloquism, with balloon sculpting for the youngest guests.

Each show is built to create surprise and laughter, and is adapted to the world of the event rather than delivered off the shelf. The close-up work happens within arm's reach, where the astonishment lands at close quarters. Mahel works across Paris and Île-de-France, at birthdays, Christmas parties, family celebrations and private events, and in the evening at weddings and company parties, where close-up magic suits guests gathered in small groups.
