

Marc Weide

"Award-winning magician"

Close-Up Magic | Comedy Magic | Parlour Magic | Stage Magic

Biography

Marc Weide is a German magician, entertainer and host whose work favors close audience connection, comedy and precise manipulation over large-scale illusion. His official biography records early competition success, the 2018 FISM world title in parlour magic and national Magician of the Year recognition. A substantial 2026-28 public tour confirms current theatre activity, while his booking page offers German- and English-language programs for companies, private events, launches, roadshows, galas, virtual audiences, seminars and moderation. The performer-controlled enquiry route supports active bookings, although no dependable home city or direct public email is stated.
