

Mario the Maker Magician

"David Blaine-praised kids magician"

Based in Nyack

Biography

Called "the best kids magician in the world" by David Blaine, Mario the Maker Magician builds his show around magic made for every age in the room at once.

His ALL AGES Theater Experience is exactly that: a theatre show where children and the grown-ups who brought them share the same surprises, rather than taking turns being entertained. It is a full stage experience rather than a party set, and it travels comfortably to family theatre programmes, community events, festivals and private celebrations where the guest list runs from small children to grandparents. For anyone booking entertainment that has to hold a mixed-age crowd from the first moment to the last, Mario is built for the job.
