"Award-winning corporate illusionist and mentalist"

Based in New York | Close-Up Magic | Corporate Events | Mentalism | Stage Illusion

Biography

Award-winning illusionist and mentalist Matias Letelier brings over 23 years of experience to corporate and private events, blending close-up magic, mind reading and high-energy comedy into what he describes as a one-man experience built around connection, laughter and incredible magic.

He often arrives as a charismatic guest with a hidden talent, mingling through a cocktail hour or reception before the mind reading begins in the middle of the crowd, while his Mental-e-Connected Virtual Magic Show carries the same interaction onto screens. Through Fun Corporate Magic he also presents stage shows, intimate shows, walk-around magic, team-building programs, trade shows, workshops and motivational speeches, with tricks customized for the occasion - a natural fit for award dinners, conventions, meetings and off-site gatherings.
