Michel Huot

"Corporate magician and master of ceremonies"

Based in Montréal | Close-Up Magic | Stage Magic

Biography

Corporate magician Michel Huot builds his performances around the real star of the evening: the company, its logo, its employees and its guests. A magician and outstanding communicator, he tailors each set to the message, image and world of the event, adding a touch of magic, elegance and surprise while keeping the light on the people who matter.

Whether working a cocktail reception, energising a conference or marking a private celebration, Michel Huot adapts his magic with class, humour and precision, and he can also take the microphone as master of ceremonies. He additionally leads a memory training workshop, teaching an effortless, entertaining technique for remembering everyday professional and personal tasks. One client praised his party de Noël appearance as an impeccable performance.
