

Micky Trickstar

"Melbourne comedy magician"

Comedy Magic | Corporate Events

Biography

For over 20 years Micky Trickstar has been enchanting audiences in Melbourne and beyond with a blend of astonishing illusions and light-hearted comedy. Expressive, physical and quick with a punchline, he builds what one description calls an "entertainment roller coaster fit for the young and young at heart", where grandparents laugh as hard as the six-year-olds in the front row.

A standard show runs about 60 minutes and is shaped around the room, the theme and the ages in it, so nobody sits out. Micky performs at children's birthday parties, weddings, family celebrations and corporate functions, from intimate family gatherings to large company events, with repeat bookings from families who have called him back for milestone birthdays.
