

Migz

"Southern California duo magic shaped through timing, warmth and interplay"

Close-Up Magic | Mentalism | Stage Magic

Biography

Migz, publicly identified as Miguel Rangel, is a Southern California magician now performing with Richard Raven as Raven & Migz. Their current performer-controlled pages offer coordinated strolling magic, a formal platform act and a larger stage show, including material developed for the Magic Castle. The duo emphasizes effects that depend on two magicians, combining timing, humor, mentalism and warm audience interaction. Migz's Fool Us appearance was billed as a solo act, so FindMagic should preserve that credit while linking his active current work to Raven & Migz rather than treating the duo as the same historical appearance.
