

Mike Believe

"Mind reader, magician and hypnotist"

Based in Toronto | Close-Up Magic | Kids & Family | Mentalism | Parlour Magic

Biography

Mike Believe blends magic, mind reading and hypnosis into a single show tight a triple effect that actor Jude Law summed up by calling him "A Real Mind Reader". Having performed thousands of shows around the world, he opens with charm and wit and keeps a room intrigued from the very first effect.

The main show runs 50 minutes plus an encore, highly interactive throughout, with a poker routine that invites a CEO to try bluffing him in front of everyone. For cocktail hours and dinner service, Mike also works the room close-up with predictions, sleight-of-hand and illusions. He has entertained corporate guests, wedding parties and family audiences, including two years of Family Fun Day for The Halton Catholic District School Board.
