

Mike Norden

"Vancouver children's comedy magician"

Based in Vancouver | Comedy Magic | Kids & Family

Biography

Award-winning magician Mike Norden performs comedy and magic with a cast of puppets rather than live animals - including Q-Tip the bunny rabbit, who does not make a mess and only sometimes listens to instructions.

With over 5000 shows performed, Norden is a birthday party specialist, and his comedic sense has a way of involving every single child present, including the shy ones, while the grown-ups stay just as entertained. He is also one of BC's top fair and festival performers, booked year after year and drawing a large crowd at events from the small to the massive. For libraries, schools and daycares, he slips a little education in while the children are busy having a blast.
