

MindLeader

"Rotterdam mentalist and close-up magician"

Close-Up Magic | Mentalism

Biography

Rotterdam mentalist and close-up magician Joe Pequerrucho calls himself the Netherlands' only true MindLeader: with more than 30 years in the business, he mixes secret trade knowledge with practical psychology and behavioural science.

Guests meet him up close, at the table or standing in small groups, where playing cards, coins and borrowed smartphones, jewellery and watches become brain-teasing mind tricks right under their own noses. On stage he presents interactive experiments, mind games and psychological illusions, playing with telepathy, telekinesis and the illusion of free will, and sometimes shares a trade secret or two. The walk-around and table magic suit staff parties, dinner parties, weddings, anniversaries, trade fairs, conferences and corporate festivals alike.
