

Natalys Zauberwelt

"Children's magic clown and balloon artist"

Based in Aachen | Kids & Family

Biography

Natalys Zauberwelt opens a magical world of colourful, varied magic programmes and balloon modelling, made for young audiences and the grown-ups watching alongside them.

The act moves between magic show and clown show, with a magic clown who twists balloon figures on the spot and keeps a room of children involved from the first trick. Children's birthday parties, kindergarten festivals and school festivals sit at the heart of the work, alongside carnival sessions, christenings, communions, Nikolaus and Christmas celebrations and the Sugar Feast. For grown-up occasions the same magic turns up at weddings, company parties and trade fairs.
