

Nine Digit Dave

"Las Vegas clean comic magician, mentalist"

Based in Las Vegas | Comedy Magic | Corporate Events | Mentalism

Biography

Nine Digit Dave is a Las Vegas clean comic magician and mentalist with more than 30 years of corporate-safe comedy magic behind him. The act runs on two engines: laughs that never cross a line, and mentalism that has guests wondering how their own thoughts ended up in someone else's hands.

Because the comedy stays clean, the show moves easily between rooms. Dave performs at corporate events, conventions and family-friendly private parties, where an audience of colleagues, clients or several generations of one family can all be entertained by the same material. It is comedy magic built to be booked without a second thought about who is sitting in the room.
