

Paul Hugo

"TV magician and mentalist"

Based in Paris | Corporate Events | Mentalism

Biography

Professional magician Paul Hugo works in illusion and mentalism, and his talent has been showcased on television as well as in the room: charisma, originality and complete mastery of illusion have captivated thousands of viewers across several channels.

Live, the emphasis falls on unique, interactive performances rather than distant display, with guests drawn directly into the moment the impossible happens. Paul Hugo shapes each appearance around the occasion, whether the aim is to lift an evening, surprise arriving guests or leave an experience people talk about afterwards. Private parties, seminars and corporate events all sit comfortably within his range, and he is equally at home working as a mentalist for a full show.
