

Rod Chow

"International champion magician"

Based in Vancouver | Close-Up Magic | Corporate Events | Parlour Magic

Biography

Rod Chow is an international champion magician whose award-winning magic works just as well inches from a guest's hands as it does from a stage. He made history as the first non-American president of the Society of American Magicians, the world's oldest magic society, following in the footsteps of legendary figures like Harry Houdini.

His shows go beyond simple tricks, built instead around immersive themes such as astro magic, money magic and panda magic, with each performance tailored to the style of the occasion. Rod mingles with guests to break the ice with close-up magic, or captivates a whole room with a stage set. He suits company galas and banquets, weddings, cruises and luxury events, fashion shows and grand openings, birthdays, holiday parties and cocktail receptions.
