

Rogelio Flores

"San Diego silent magic clown"

Based in San Diego

Biography

Rogelio Flores is a silent magic clown entertainer whose unique street theater brings joy without a word of dialogue. His show mixes magic, juggling, mime, sight gags, audience skits and escape artistry \- funny, visual and full of surprises.

Based in San Diego, he captivates crowds at festivals, private events, birthday parties and public fairs, working with a mix of playful charm and heartfelt expression that leaves a lasting impression. The comedy is entirely visual, so it reaches every age in a crowd, and the audience skits pull spectators into the act rather than leaving them to watch from a distance.
