*"Toronto mentalist and illusionist"*

Based in Toronto | Close-Up Magic | Corporate Events | Mentalism | Parlour Magic

## Biography

Roman Royss is a mentalist and illusionist who has stripped away the cheesy props and clichés of the past in favour of modern psychological illusions, raw charisma and flawless sleight of hand. Based in Toronto, he blends impossible close-up effects, psychological mentalism and modern illusions with clean, professional comedy.

At weddings he specializes in elegant close-up magic during cocktail hours and receptions, moving between groups with sleight of hand performed inches from guests' eyes, then drawing the whole room together for an interactive stage show of mind reading and modern illusions before the dance floor opens. His work ranges from intimate luxury weddings in Mississauga and VIP dinners to corporate summits in downtown Toronto, plus galas, holiday parties and award ceremonies across the GTA.
