Biography

Rubén Vilagrand is a Spanish illusionist, inventor and physical comedian whose silent stage act combines mime, original apparatus and a carefully composed musical world. His official site documents international appearances at the Magic Castle, Le Plus Grand Cabaret du Monde and Fool Us, alongside awards in stage, parlour and invention categories. Vilagrand designs and hand-builds many of his own effects, several of which remain available through a current performer-controlled shop. The site supports continuing professional activity and enquiries, though it does not establish one current home city or publish a direct booking email.
