*"Father-son precision joining coin magic with disciplined stage craft"*

## Biography

Ryan and Johnny Hayashi are the father-and-son team that appeared together on Fool Us in 2021. Ryan's current official site identifies the performance and continues to offer his international magic, Samurai entertainment, keynote and coaching work from Mannheim. Independent biographical records identify Johnny Hayashi as the stage name of Ryan's son Gianluca Maniaci. The shared television act demonstrated synchronized technical magic and a family training story, but research did not find a distinct ongoing booking offer for the duo. FindMagic should preserve the joint credit while routing general enquiries to Ryan only after confirming whether Johnny participates.
