

Sachin K. M.

"A Kerala-based magic act known for performance work, products, and practical teaching."

Based in Kannur | Close-Up Magic | Stage Magic

Biography

Sachin K. M. is an Indian magician and creator based in Kannur, Kerala. His current S3 Magic Shop identifies him as the magician seen on Fool Us and offers a growing catalogue of performance products for other magicians. The site also records competition recognition and provides a direct email, mobile number and business address, establishing continuing work within the magic community. Available evidence does not clearly distinguish his performing repertoire, public show schedule or willingness to take general entertainment bookings from the shop's retail activity, so FindMagic should publish a real profile without assuming event availability.
