

Tall Paul

"Albuquerque family magician"

Based in Albuquerque | Close-Up Magic | Kids & Family

Biography

Named New Mexico's funniest family entertainer, Tall Paul builds his shows around children aged 4 to 8, packing them with jaw-dropping magic, side-splitting comedy, tons of audience participation and free goody bags.

He got into magic at six, when his brother David was given a magic set for Christmas and performed the cups and balls; determined to learn the secret, Paul borrowed The Amateur Magicians Handbook from the library and never looked back. He later discovered sleight of hand and coin magic, and was known among local magicians as THE coin guy. These days he performs at schools and libraries as well as birthday parties, and holds more 5-star Google reviews than any other magician in New Mexico.
