

TanBA

"Tokyo danger magic played with fearless international comedy"

Based in Tokyo | Comedy Magic | Stage Magic

Biography

TanBA is a Tokyo-based Japanese magician known for dangerous-looking, highly visual routines delivered with broad physical comedy. The Japan Professional Magicians Association lists him as a current full member, confirms his Tokyo residence and describes international work following his 2017 Britain's Got Talent appearance. His nonverbal approach is designed to travel across languages and has taken him to television and live events in Europe, South America and Asia. TanBA later appeared on Fool Us with the same mixture of risk, surprise and humor. The association page supports enquiries but does not publish direct contact details.
