Biography

Award-winning magician Yollin Lee is the only professional Korean magician and manipulator based in London, a performer World Magic Review credited with "Exceptionally wonderful magic". His theatrical magic show Collage went to the 2023 Edinburgh Fringe Festival, where three of its six performances played to a full house.

His symbolic magic show Intuition ran for over a year in Bermondsey, London, every Saturday, the only magic show performed on a weekly basis in the city, and in 2023 he appeared as a manipulator in the touring show C'est La Magie in Budapest, Hungary. Part sleight-of-hand manipulation, part staged storytelling, Lee's work is built for theatres and festival stages as readily as for gatherings wanting magic with a show behind it.
