

Zak Mirz

"Texas storytelling magic reconnecting audiences with childlike wonder"

Based in Bedford | Mentalism | Stage Magic

Biography

Zak Mirz is a Bedford, Texas magician whose touring work combines emotional storytelling, interactive illusion, mentalism and cardistry. His current official site promotes a new audience-driven show, lists public dates and offers performance bookings. The Texas Commission on the Arts roster independently supplies direct email, phone, fee ranges and formats for public venues, schools and workshops. Mirz earned a Fool Us trophy, served as a magic adviser to David Blaine and became an America's Got Talent semifinalist and 2025 Rising Star in Magic. His programs use personal history to invite curiosity rather than simply display technique.
