

Zauberkünstler Felix Fischer

"Stuttgart close-up and stage magician"

Based in Stuttgart | Close-Up Magic | Corporate Events

Biography

Felix Fischer brings a blend of magic, comedy and music that breaks the ice at any event, backed by twenty years of experience and top reviews. In his close-up work he does not stand on a stage at all: the magic happens in the middle of the crowd, at the tables or as a walking act, with card tricks, smartphone effects and moments that unfold directly in the guests' own hands.

His stand-up show puts the impossible on stage, from a table that floats across it to a souvenir created by magic during the performance. Felix Fischer suits wedding receptions and photo sessions, company events, Christmas parties and birthdays, and hosts gala evenings and trade-fair stands with tricks and gags between the programme points.
